Советские писатели говорят о «важнейшем» месте в жизни каждого человека — работе. Работа — это не только средство выживания, это и смысл жизни, это то, что дает человеку уверенность в себе, это то, что делает его счастливым. Работа — это то, что дает человеку возможность реализовать свой талант, это то, что дает ему возможность стать тем, кем он хочет быть. Работа — это то, что дает человеку возможность жить полноценной жизнью, это то, что дает ему возможность жить счастливой жизнью.
